

## On the Other Islands

Dredging operations at Ahukini, Kauai, have been put under way by the Lihue plantation. That organization proposes to dredge the harbor along the wharf from the mauka end to the breakwater with an approximate maximum depth of 30 feet. The work is for the purpose of allowing two vessels to moor at the wharf at the same time.

Contractor Charles Arioli of Hilo has been awarded the contract for the furnishing and installing of a single acting triplex pump and 40 h. p. engine for the new Honokaa water works. Arioli's bid was \$45,498.38. Arioli also tendered a bid of \$43,498.39

for the installation of an electrical motor and centrifugal pump.

Children of Kauai will have to observe the curfew law if present plans by the juvenile court are carried out. The law particularly applies to the appearance of children at a place of amusement unaccompanied by an adult.

One hundred Hiloites have aspirations to the silver screen. This fact was indicated last week when applications were filed with the Lask Paramount Players company for parts in the "White Flower" to be filmed on the Big Island.

Work on the new Kohala Junior High School at Honomakau, Hawaii has been started by County Engineer

## Every Tire Is Signed

Two men sign every Miller Tire—the maker and the inspector. Both are penalized if a tire comes back.

Under this method, defects have become extremely rare. Not a tire came back for adjustment to many Miller dealers last year.

Over 1,000 tires yearly are worn out in Miller factory tests.

All the best rival tires are constantly compared with the Miller, with these results:

Millers now excel all rivals, both in average and in uniform mileage.

Miller treads outwear rival treads by 25 per cent on the average.

Miller Cords average 15,000 miles—Miller Fabrics from 8,000 to 9,000 miles—in rear-wheel tests under extreme conditions.

You will gain a new idea of modern tires when you test a new-type Miller. Get one now and watch it. The super-service of the Miller Tire is now everywhere discussed.

### Tread Patented

Center tread smooth, with suction cup, for firm hold on wet asphalt. Geared-to-the-Road side treads, mesh like cogs in dirt.

## Commission Visits

### Lanai Looking For Safe Harbors There

Investigation of possible harbors at the island of Lanai has been made by a commission composed of R. J. Filler, head of the Hawaii Consolidated Railroad Company, Captain Soule and T. J. Petrie. They went over on the Bee Saturday and returned that evening, the Bee returning to Honolulu and the party remaining in Wailuku until Sunday night, when Captain Soule and Petrie and Eugene B. McGhee, secretary to J. D. Dole returned to Honolulu. Filler is still on Maui but will return to the Big Island island tomorrow.

The visitors form a commission which was to investigate harbor possibilities at Lanai for the Hawaiian Pineapple Company which has an option for the purchase of the island. None of the members would talk about the subject until their report has come to the company.

R. J. Filler was formerly superintendent of the Kahului Railroad and is greeting old friends on Maui. It is his first visit to this island for more than three years. Comparing Maui now with the days when he was a Mauiite he says the most important change is the air of stability he sees now, especially in Wailuku. Two decades ago the buildings were not permanent in appearance and there was nothing substantial in the appearance of much of the building that was being done.

W. H. Barringer and Contractor James D. Lewis. The structure is to cost \$8,250, according to Lewis' contract.

The new Hilo wharf will probably be completed in the latter part of March or the first of April according to an announcement made by F. H. West, local manager of the Hawaiian Dredging company in a report to the board of trade.

At a special meeting held in the offices of the Hilo board of trade Principal Elmer A. Brown, formerly of Maui, gave a comprehensive report on the requirements for proving and maintaining school buildings in Hawaii for the next 10 year period.

A re-survey of Hilo harbor is provided for in the rivers and harbor act of September 1922, according to a notification sent the Hilo board of trade by Major W. A. Johnson of Honolulu, district engineer of the war department.

Defective children of Hawaii will be admitted to the Honolulu School for the Deaf and Blind, according to an announcement made by Miss C. Adelaide Barker of the Hawaii Island Welfare Board. First admissions will be made after the first of the year.

At a meeting held in Hilo the possible creation of Polytechnic high schools, with a full years course, for the island of Hawaii was the principal feature of discussion.

Suit has been brought against the Securities Trust Co. of Hilo by the Waterhouse Trust Co. receiver for the People's Bank for \$134,812.58. J. W. Russell was president of the company and Herbert Truslow, treasurer.

Whether or not there will be a territorial fair in Honolulu next year depends upon whether a spur track is laid to the proposed grounds by the Rapid Transit Company, Governor Farrington is quoted in the Advertiser as saying.

IN THE CIRCUIT COURT OF THE SECOND JUDICIAL CIRCUIT, TERRITORY OF HAWAII.

At Chambers—In Probate No. 1984.

In the Matter of the Estate of R. A. Wadsworth, Late of Wailuku, Maui, T. H., Deceased.

**A. YAMOTO**

Market St., Wailuku next to Ichiki Hotel.

## Wailuku Girl Scouts

### Well Called Ginger

Wailuku's new troop of Girl Scouts is well named. It is called the Ginger Troop, after the ginger blossom and its members are just as full of pep and ginger as they showed in a pretty entertainment at the Wailuku Gym on Friday night. The program was well arranged, splendidly carried out and a credit to all who participated in it, especially to Irene Garcia, who drilled the dancers.

First there was a Flower Dance by Bella Pombo, Allie Medeiros, Ethel Bento and Blanche Garcia which was followed by the Rose Dance by Irene Moura and a Japanese Dance in which Hilda Medeiros, Cyrella Garcia and Irene Garcia participated. Then came an Indian Dance by Irene Moura and Ethel Bento and a lovely Spanish Dance by Irene Garcia who followed her dance with a piano selection.

Fun was created by the "Scare Crow Dance" by Irene Moura, Cyrella Garcia, Rosalie Abreu, Bella Pombo, Allie Medeiros, Blanche Garcia, Allie Medeiros and Ethel Bento which was followed by a dainty Elfin and Bowditch Dance by Cyrella Garcia and Ethel Bento. Irene Moura and Blanche Garcia were two dainty Spanish maids in the next number and were followed by Carmen Garcia, who gave "Fair Warning" in a well rendered recitation.

"Sweet Hortense" was a song number that scored a hit and won repeated encores. The chorus was Carmen Garcia, Cyrella Garcia, Irene Moura, Blanche Garcia, Rosalie Abreu, Bella Pombo, Allie Medeiros, Ethel Bento, Allie Medeiros and Irene Garcia. The closing number was an equally pleasing selection "Shanghai" sung by Bella Pombo, Rosalie Abreu, Allie Medeiros, Blanche Garcia and Irene Moura.

### Something to Chew On

"Have you The Literary Digest?"  
"No. Nothing but Wrigley's and Beeman's."—Overheard by the Hudson Observer.

### Did He Mean It?

Hostess—"What, going already, Professor? And must you take your dear wife with you?"  
Professor—"Indeed, madame, I'm sorry to say I must!"

IN THE CIRCUIT COURT OF THE SECOND CIRCUIT, TERRITORY OF HAWAII.

At Chambers—In Divorce No. 1989.

Miwa Fujii (w) Libellant, vs. Kuichi Fujii (k), Libellee.

To KUICHI FUJII, Libellee.

You are hereby notified that the Libel for Divorce filed against you in this Court by your wife, Miwa

Fujii, will be heard in this Court room at Wailuku, Maui, T. H., on Thursday, December 28th, 1922 at 10:00 A. M.

Dated, October 16th, 1922.

BY THE COURT:

MANUEL ASUE, Clerk.

(Seal of Court.)

W. F. CROCKETT, Attorney for Libellant.  
(Oct. 17, 24, 31, Nov. 7, 14, 21, 28.)

## BLISTERING HEAT WON'T BLISTER GRAPHILATUM

Graphilatium special is a paint for use on hot surfaces where temperatures range up around 700 degrees F. It won't blister. You'll find it the thing for boiler fronts, smokestacks, stovepipes, electric generators, furnaces, locomotives, hot water pipes and everything else where there is a heated surface. It costs no more than any good paint.
